7. Course details

Credit Points:

MUSC2801 Music Performance Styles and Interpretation is a 6 unit of credit course

Summary of the Course

This course develops specialized knowledge of a range of music styles including those derived from particular historical periods, genres and approaches to music interpretation. This knowledge will be acquired through close study of musical scores, a wide range of selected repertoire, recordings, DVDs and musical scholarship supporting performance. Students will be expected to demonstrate an ability to present a stylistically informed performance with careful consideration of relevant historical and interpretation issues.

Aims of the Course

1. This course will enable students to develop the capacity to formulate and realize artistic objectives in a selected range of styles;
2. Develop specialized knowledge of a wide range of music repertoire;
3. Engage with scholarly literature on performance styles;
4. Refine technical and artistic skills through experience in advanced workshop and concert situations.

Student learning outcomes

At the conclusion of this course the student will be able to:
1. Demonstrate the capability to formulate artistic objectives and realize them in selected styles;
2. Demonstrate scholarly engagement with literature on performance styles, interpretation and music analysis for performance;
3. Demonstrate specialized knowledge of a selected range of music repertoire.

Graduate Attributes

The students will be encouraged to develop the following Graduate Attributes by undertaking the selected activities and knowledge content. These attributes will be assessed within the prescribed assessment tasks.
At the conclusion of this course the student will be able to:
1. Demonstrate an in-depth engagement with discipline specific knowledge such as instrumental or vocal performance, composition, score reading and writing skills, inner hearing, repertoire knowledge and performance practice. (GA2)
2. Demonstrate capacity for analytical and critical thinking and for creative problem-solving through practical music studies. (GA4)
3. Demonstrate an appreciation of and respect for, diversity through participation in and study of diverse musical practices and values. (GA7)
4. Illustrate high levels of oral and written communication, supported with discipline-based forms of communication such as score and music performance. (GA8)

8. Rationale for the inclusion of content and teaching approach

This is a Gateway course for the Music Creative Practice Stream in the BMus. The rationale for this course is primarily that graduates will require a very high level of performance skill and complementary reportorial and interpretive knowledge in a selected area of music making.

9. Teaching strategies

A series of lectures will introduce key resources and approaches in analysis for performers and expand knowledge of a wide range of repertoire. A series of specialist masterclasses conducted by expert instrumental and vocal practitioners will be deployed to complement workshops that examine and reflect on issues arising from the masterclasses through class discussion and student performance-based demonstrations.

In order to pass this course, you must make a serious attempt at ALL assessment tasks. This is a SAM requirement.

**Detailed description of assessment items**
Further details of assessment tasks will be provided during the Week 1 class.

1. **Performance in a masterclass or concert.**
   There will be a number of opportunities to perform in a concert or masterclass. Students will identify the performance/masterclass that will be assessed for this component. Performances will be planned and scheduled by Week 2.

2. **A one hour test on listening list with questions on style and performance based on lecture material** will be held on 8 May during class.

3. **Presentations** to include the performance of a complete work (approximately 10 minutes’ duration) together with an analytical commentary of approximately 1000 words (to be submitted at the time of the presentation) will be given in the final weeks of the session as scheduled by ballot in class.

**Submission of Assessment Tasks**
Please provide a copy of written work to the lecturer at the time of your presentation. In addition, submit a copy of all written work through Turnitin.

**Late Submission**
PLEASE NOTE THAT THESE RULES APPLY FOR ALL COURSES IN FASS.
If your assignment is submitted after the due date, a penalty of 3% per day (including Saturday, Sunday and public holidays) will be imposed for up to 2 weeks. For example, if you are given a mark of 72 out of 100 for an essay, and your essay was handed in two days late, it would attract a penalty of 6% and the mark would be reduced to 66%. If the same essay were handed in seven days late (i.e. a penalty of 21%) it would receive a mark of 51%. If your assignment is not submitted within 2 weeks of its due date, it will receive a mark of 0. For more information on submission of late work, consult the FASS assessment protocols at [https://www.arts.unsw.edu.au/current-students/academic-information/protocols-guidelines/](https://www.arts.unsw.edu.au/current-students/academic-information/protocols-guidelines/)
Extension Procedure

- A student seeking an extension should apply through the Faculty’s online extension tool available in LMS before the due time/date for the assessment task.
- The Course Authority should respond to the request within two working days.
- The Course Authority can only approve an extension of up to five days. A student requesting an extension of more than five days should complete an application for Special Consideration.
- The Course Authority advises their decision through the online extension tool.
- If a student is granted an extension, failure to comply will result in a penalty. The penalty will be invoked one minute past the approved extension time.
- A student who missed an assessed activity held within class contact hours should apply for Special Consideration via myUNSW.
- This procedure does not apply to assessment tasks that take place during regular class hours or any task specifically identified by the Course Authority as not subject to extension requests.
- For more information, see the FASS extension protocols on the SAM policies and guidelines webpage: https://sam.arts.unsw.edu.au/students/resources/policies-guidelines/

Special Consideration

In the case of more serious or ongoing illness or misadventure, you will need to apply for Special Consideration. For information on Special Consideration please go to this URL: https://student.unsw.edu.au/special-consideration

Students who are prevented from attending a substantial amount of the course may be advised to apply to withdraw without penalty. This will only be approved in the most extreme and properly documented cases.

11. Academic honesty and plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

- **Copying**: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another’s ideas or words without credit.

- **Inappropriate paraphrasing**: changing a few words and phrases while mostly retaining the original structure and information without acknowledgement. This also applies in presentations where someone paraphrases another’s ideas or words without credit. It also applies to piecing together quotes and paraphrases into a new whole, without referencing and a student’s own analysis to bring the material together.

- **Collusion**: working with others but passing off the work as a person’s individual work. Collusion also includes providing your work to another student before the due date, or for the
purposes of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person’s academic work and copying it, offering to complete another person’s work or seeking payment for completing academic work.

- **Duplication**: submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

The Learning Centre also provides substantial education written materials, workshops, and tutorials to aid students, for example:

- Correct referencing practices;
- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre.

Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

It is also recommended that you include a statement about Turnitin. Eg UNSW makes use of the similarity detection tool Turnitin. For this course you are required to submit an electronic version of your written assignments so they may be reviewed using this procedure.
